## DESCRIPTION / BACKSTORY

Amadeus is named after a famous and most powerful Bard, and so practices with his instrument, believing it to be his destiny. He was born in a prince's palace, but just because that was where a show was being held, and his mother's water broke there.

Amadeus chose to learn the Dulcimer, as it was simply not something he had heard of before, and he found that interesting.

AS he first picked it up, he began to play the stringed instrument so badly, the shrieks and cries that it made coincidentally called forth the name of a long forgotten Old One, who after being recognized for the first time in millions of years, blesses the one who called its name.

Having felt the magical power swell within him, he thought he had succeeded, and indeed still thinks he is a Bard.

He even "found" (was gifted) a songbook (tome). He does not know how to read what he believes to be songs, but attributes this to not knowing how to read music in the first place, further reinforcing his idea of his own musical genius.

Unbeknownst to him, there is a small blemish on his face that seems to move every morning.

Soon after leaving on his journey to travel the world, he reached Waterdeep. Slightly outside of the city limits, a strange man talked him into a quest. He takes on this quest, and is given a treasure map and a Duke's signet ring, which he can use should he need it to acquire this treasure.

Fun Facts:

Thinks Bardic Inspiration is the inspiration you get to write new songs

Also considers himself a playwright or theatre actor.

Tends to collect random garbage under the guise of this inspiration. He has grown quite a significant collection over his time in Waterdeep, and will most likely see it grow further.
